Burning, crashing.

We try to save what is left.

Because everyone needs to try.

Because even the smallest things can make a difference.

Chapter 2 by PyromaniacSoap

Because humans are capable.

Capable of what?

Capable of caring.

Caring about or for what?

Caring for the world, for the universe, for the place where they live.

Why do we silly creatures do that?

Because the world matters to us. It's where we were born, where we live, and where we will most likely die. We care for this planet. We desperately need it and want it. We will keep it.

Chapter 3 by Inferno

Why do we try?

Because humans are not the only species, many more survive.

But wait, it can't grow evermore!
People can only go in war!
Tis' sad, but true.
But I won't make it one bad virtue to my youth.

But wait! We haste to be safe!
Not all is bad to take.

But on sad occasions, we always put it to waste.

No! None shall tear away
The Environment's healthy state!
Religious or not, it must endure,
Even if we're not secure.
Litter is toxic,
War is unwanted,
Greed is no problem, but a slave-owner to your thoughts
So verily I say, it should be fought!

We control our ways,
sometimes in unstable days,
but we must stay ever secure,
and to the aliens, we must let them endure...
So we can be especially be most pure.
